Advanced Foot Care Assessment

Devon Foot Care is pleased to present an advanced workshop for Foot Care Nurses.

The morning includes an interactive session learning techniques on pulse and sensation assessments. Please be prepared to have your feet assessed as part of the advanced education.

The afternoon will include the much anticipated presentation on Alberta Infection Control Practices. This session will cover all aspects of sterilization protocols and accepted procedures for foot care nurses working in Alberta.

There is also opportunity to view exhibitor tables presenting a variety of educational materials, foot care equipment and supplies.

MORNING SESSION

How to identify the high risk foot

- including monofilament and Doppler testing; an interactive session
- caring for the diabetic foot; assessment, debridement and documentation
- foot care nursing and the wound care team; when to refer your patient; the next step

Understanding the risks & benefits of a foot bath

- a look at skin care as it relates to the high risk patient and prevention strategies of additional foot problems

AFTERNOON SESSION

Infection Control Practices

- Sterilization practices of foot care equipment

- understanding the sterilization requirements for foot care professionals working in Alberta

Gait analysis & speciality foot wear

Presented by

Sponsored by
Koven Technology Inc.

Key Note Speaker

Jane Ratay

Jane Ratay received her basic nursing education at Montefiore Hospital in Pittsburgh, Pennsylvania. After immigrating to Canada with her husband in the 1970s, she worked in Critical Care and Endoscopy. In 1997 she became a founding member of the wound clinic at the Misericordia Hospital in Edmonton, received training in hyperbaric medicine and completed the International Interdisciplinary Wound Care Course from the University of Toronto.

Jane completed her BScN at the University of Alberta in 2003 and the Enterostomal Therapy Nurse Education Program, becoming an ET nurse in 2007. She has been a member of the Regional Wound Care Guidelines Committee since 1998 and is a member of the Canadian Association of Wound Care (CAWC) and the Canadian Association of Enterostomal Therapists (CAET).

Currently, Jane develops and instructs wound management courses as part of the Post

Diploma Certificate in Wound Management offered by Grant MacEwan University. She maintains a part time position in Westview Community Care Clinic in Stony Plain.
